

COLLINS EFFAH

+23355 528 8029 | ceffah012@gmail.com | Kumasi, Ghana – West Africa

Summary I am an experienced and dependable professional with a track record of efficiently completing tasks in various settings. I have diverse experience and skills in software engineering (web apps), cybersecurity, and cloud computing. I have strong collaboration and networking abilities to enhance productivity and drive business operations positively.

Skills Effective Communication | Problem-solving | Time Management | Leadership

Experience **Software Engineer (NSP) - 08/2024 – Current**
Kumasi Technical University (KsTU), Kumasi, Ghana
My team is the mastermind behind the university's software suite. We design, develop, deploy, and maintain the various software the university community uses.

AmaliTech - 06/2024 – 09/2024

I developed a file server with Django. The file server project makes it possible to manage and distribute files efficiently.

Web Administrator (Part-Time) - 07/2024 – Current

Mixtech Ltd, Sunyani, Ghana

I design, implement, deploy, and manage web applications

IT Training Instructor (Intern) - 09/2022 – 11/2022

Community ICT Center, Nkoranza, Ghana

I was responsible for facilitating programming (coding) workshops for high students.

I trained a good number of students.
